A LIFETIME OF LEARNING STARTS WITH A SINGLE DAY—OR TWO

September 1954: Time for Becky to start school, first grade, no kindergarten then. With reluctance, six year old Becky boarded the combination pick up/school bus headed for school, knowing only a few neighbors. Upon arrival to the one room schoolhouse, all went well as long as she was allowed to sit with the seventh graders and they shared their moon pies with her. But that wasn’t to last. The teacher pulled her desk, with Becky in it, to the front of the room to “where the other first graders sat.” Soon the tears flooded the desk and dripped onto the wood floor with no relief in sight. Nothing would console Becky. A substitute was called in to take Becky home.

Next morning, she stayed in bed until the school bus passed; this avoidance procedure continued morning after morning. Becky had won—no school for her. Parents, grandparents, aunts, uncles were all distraught, all except Becky. What a fun filled year she had!

September 1955: A year has passed. There is talk of school—again. This time, a new seven classroom elementary school had been built in the community. This time, no amount of pleading could get Becky out of this tortuous situation. She was told her mother would be taken to jail if Becky didn’t go to school.

The first day came—again. Becky started out with the black book bag and blue lunch box on this dreary day of her life. The first hurdle was reaching the first step of this new school bus; the second hurdle was finding a seat because all were full; she had to stand up.

Upon arrival to the new school, she stood in a line of first graders while pink paper pigs were hung around their necks. There were words and letter on the pig, but Becky couldn’t read those words and letters. Then those new beginners were marched single file into this huge building to a classroom where a tall woman with a booming voice stood at the front of the room. Tears started to come again, but Becky sniffed them back while her chin continued to tremble.

The day inched on. Lunchtime came. Upon opening her lunchbox, Becky discovered a million little red ants running rampant across her bologna and soggy tomato sandwich, the result of setting her lunchbox on the floor instead of on the shelf she couldn’t reach. Well, she wasn’t hungry anyway.

At this point, Becky made some life decisions according to a seven year old. If she had to go to school to save her mother from a jail sentence, she would; but she didn’t have to like it, she didn’t have to learn, and she didn’t have to talk to anyone. Furthermore, the very day she was old enough to step out of school forever, she would go out in a blaze of glory and get a job working in a factory. Plans were made!

And, thus, was the beginning of a lifetime of learning. This story is true. I know. I am the Becky.

I share this story with you because I want to challenge you to share an experience or memory of your school years or teaching with others in writing. My goal is to make a collection of our memories and get it published someway. Maybe it could start in your units and filter down. I haven’t got it planned entirely, because I never plan anything entirely. I need your help. This collection will become my project after I leave the position of VRTA President. I am ready to read what you wish to share.

President, VRTA
FOCUS ON THE TASK

No, you were not having a serious mental problem when you forgot why you went from the kitchen to the den. You just did not Focus on the Task. And you were not losing your touch when you cut your hand sawing that board. You were just thinking about what time you had to leave to pick up the grandkids and did not Focus on the Task.

As we are bombarded with news 24/7 (much of which is not really “news”), we are tempted to say, “Just forget it all! I can’t and won’t deal with it!” What we really need to do is Focus on the Task as a good photographer focuses on his shot.

We hope you will join us in the Legislative Workshop at Blackstone on Monday, October 5, when we will Focus on the Tasks before us as the 2016 General Assembly approaches. We must cut away the distracting stuff and emphasize the relevant issues just as a photographer captures the real story in the midst of the hubbub. We will adjust our lens with information so that our lobbying efforts will have clarity, and we will recognize techniques that result in the picture we want to create. Those just taking up photography often learn from those more experienced, so we are looking forward to our faithful lobbyists in the past sharing tips with newcomers.

Bea Morris  Legislative Chairperson

Dear VRTA Friends:

Thank you for your contributions to my recent campaign to raise funds for the Leukemia & Lymphoma Society. With the help of individuals and organizations such as yours, we raised over $12,000, most of which will be spent on research to find a cure for blood cancers, such as mine.

I thank you, and I wish you all good health.

From Bonnie Atwood, our VRTA Lobbyist

In our modern society, the word “lobbyist” is sometimes seen in negative terms. It’s true that some professional lobbyists overstep their bounds. We know that we see this in all occupations. If you’d like to see a sample of the standards to which good lobbyists hold themselves, read the “Standards of Practice” that all good lobbyists adhere to. It provides a good reminder that the best people are still honest, trustworthy, and respectable. You may read the Virginia Lobbyist Standards of Professional Practice and Competency online at:

From the VRTA Treasurer

Thanks to all the local unit treasurers and presidents for your help and cooperation. It is very important that we all continue to encourage our local unit members and retired colleagues to join VRTA. A few reminders for you are listed below.

A workshop for local unit treasurers is held at the spring and fall Blackstone gatherings.

A local unit treasurer's handbook has been developed and is updated regularly. If you are a local unit treasurer and have not received one at Blackstone recently, let me know and I will mail it to you.

If you are a part of our VRTA Group Tax Exemption for IRS (commonly referred to as the VRTA Tax Umbrella), please remember that your 2015-2016 budget, signed and dated by two officers, is due to me no later than December 31, 2015. Don’t forget to file your E-Postcard by November 15 each year.

By action of the Spring Delegate Assembly, VRTA dues will increase to $20 per member beginning with the 2016-2017 membership year. They continue to be $15 per member for the current year (2015-2016).

Patrick County Retired Teachers Association

Washington, D.C., 2015 – Retired educators with the Patrick County Retired Teachers Association have won the 2015 NRTA With Our Youth! Local Dedication Award. The Dedication Award highlights top award contenders that merited distinction for their exceptional work. These awards serve as “honorable mentions.” This prestigious award recognizes the organization’s volunteer service to benefit the lives of youth in the county.

“Across Virginia, educators remain active in retirement and continue to improve the lives of children and their local communities. These Patrick County volunteers symbolize the giving spirit of the NRTA With Our Youth! Award,” said Dara Dann, vice president for NRTA: AARP’s Educator Community. “We thank them for their steadfast passion to serve Virginia’s youth who are in need of support from a caring adult,” Dann said.

This year, 53 Patrick County retired teachers volunteered some 845 hours in support of more than 1460 youth in five key resource areas: an ongoing relationship with caring adults; a healthy start in life; safe places to learn and grow; marketable skills upon graduation; and an opportunity for youth to serve their communities.

One retiree healthcare volunteer initiative was particularly important this year. Retired teachers provided three cases of head lice removal kits to impacted families across the county. The county’s social services department lacked the funds to purchase these medicated kits. Retired educators filled the need by purchasing the head lice medication in a large quantity at a reduced cost. The kits then were provided to families at no cost, helping to protect individual, disadvantaged families and public health.

The recipients of NRTA’s 16th Annual With Our Youth! awards were chosen by an independent selection panel for their outstanding service to youth in the local and individual categories.

Charles City/New Kent County Retired Teachers’ Association

The Charles City/New Kent Retired Teachers’ Association has had a busy year. We have a total of 26 members and we are encouraging our younger retired teachers to join our organization. We meet on the third Thursday in March, June, September, and December.

Our teachers have participated in several community activities such as the Family Fun Day and Health Fair. We represented our organization by giving out literature about our group and by giving out healthy snacks and apples.

We offer a $500 scholarship to a graduating senior who plans to enroll at a two or four year college. Several businesses in the area donated gift cards to be used as prizes for our spring 2015 giveaway. This was a very successful activity. Our scholarship for the 2015 school year was awarded to DeMonte Greene who will be attending VA Union University in Richmond and will be majoring in music. Many of us attend graduations in order to support the recipients of our scholarship.

We also gave our retiring superintendents, Dr. Janet Crawley of Charles City County and Dr. Robert Richardson, Jr. of New Kent County, a special recognition luncheon for their years of dedicated service to education. We assured them that we would be happy to have them as members of our organization.

Our Christmas luncheon was held at Opus Steak House in Newtown, Williamsburg, Virginia.

We were pleased to have two of our members Hazel Charity and Joyce Williams attend the VRTA Day 2015 at the General Assembly. They enjoyed the experience of meeting and conversing with their representatives. They asked the representatives for their support of various bills that will aid the retired teacher population and also for those who are still working in the teaching profession.

We have two persons who will be serving as officers in District C. Mrs. Hazel Charity is the District C secretary and Mrs. Carol Wilson is the District C president-elect. These are just a few of the activities that we have sponsored and supported during the 2014-2015 year.

Newsletter Articles

VRTA wants your news for the newsletters. It would be helpful if articles submitted for publishing would be emailed to the newsletter editor. If an article cannot be emailed, typing the article helps to ensure accuracy. Pictures can be emailed or mailed to the editor. The people that are pictured should have given permission for their pictures to be used in the newsletter. This is especially important if pictures of students are included with the article. Also, because of copyright issues, I cannot use pictures taken by a professional photographer. All submitted articles will be used if space permits. Articles received after the deadline will likely not be included. The deadline for the Spring 2016 newsletter is Wednesday, March 2.

VRTA has been plagued with an abundance of returned newsletters. Since producing and mailing the newsletters are one of VRTA’s greatest expenses, it is important to all of us that we take control of the situation. An effort is being made to rectify the problem by documenting the names and addresses that are on the returned newsletters. The VRTA Executive Committee has determined that once a person’s newsletter has been returned three times, the name will be removed from the mailing list. If you are a VRTA member and do not get a newsletter, you need to contact Weldon Martin, VRTA Treasurer, at hooman4949@gmail.com to verify your mailing address.

I began tracking returned newsletters in the spring of 2014. Since then 710 VRTA Members have had a newsletter returned one or more times marked as non-deliverable. It cost VRTA $0.49 for each returned newsletter. In order to keep membership records current it is necessary to request the post office to return the newsletters that cannot be delivered. After documenting the returned spring 2015 newsletters, there are 163 VRTA members that have had their newsletter returned 3 times and have been removed from the mailing list. Once we correct the problem of returned newsletters, we will be saving money as well as having an accurate member database.

It is important for each district and unit to keep their membership records accurate and notify Weldon Martin of address changes and deceased members. With the help of all our members the newsletter situation will soon be under control.

With the cost of postage continuing to be on the rise, it is time for us to seriously consider delivering the newsletters electronically to those who have computers and are willing. The voice of all our members is important and we want to hear from you.

Nina McClanahan, President-Elect    mcclanahannina@gmail.com
